Continued Remarks On Board [illegible]

[illegible] the first part fresh breezes blowing by the
[illegible] [illegible] [illegible] same course saw
a Schooner heading N N E on the Starboard
tack the Schooner in sight to the windward
at 8 o clock the Cook & Steward got into
a row. the cook grabed the Steward in his
his arms & was intending to carry him
away from the galley in order to have a
plenty of sea room for his revenge during
the rumpus the Captn rushed on deck
& parted them by choking both parties
a little. & then asked the Steward several
questions concerning the row. which he
answered in a very insulting way. the
Captn then took a ropes end & flogged
him quite severely they was then both
seized in the rigging where the cook
remained for about half an hour he was
then released & sent to his duty the Steward
remaining in the rigging. the Steward was
released after an hours confinement

This Blackfish makes 2 barrels

This day commences with a light breeze from the N & W. steering by the wind under all sail on the Port tack. nothing in sight. Mid. & Latter part light breeze from the W.N.W. steering N. N. E under all sail broke out 5 barrel of meat out of the after hold in order to get at the water in the ground tier. broke out water & stowed the meat in the fore-hold saw several pieces of squid
Lat 36. 29 North Long.

10th Wednesday June 23rd

This day commences with a light breeze from the N & W. steering the same under all sail saw cowfish & fin Backs also drift stuff. at 6½ o-clock raised a sail tryed out the Blackfish turned up 30 galls. Mid part light breeze from the W. steering N.N.E under all sail Latter part moderate breeze from the W. steering the same. caught a porpoise

Remarks on board Bk Globe

111th Thursday June 24th

This day commences with a light breeze from the N.W steering N.E by E. under all sail on the Port tack Mid part breeze remains light from the N.W steering by the wind on the Port tack under all sail Latter part the same. Saw porpoises & 1 sail caught a dolphin cooper employed in making dipper handles for the 2nd Mate

112th Friday June 25th

This day commences with a light breeze from the N.E steering by the wind under all sail on the Port tack employed in ships duty. the back saw from the chest is missing. Cooper says write down that it is tedious to saw one C.H.A. Mid part calm. Latter part calm broke out a cask of Bread. saw squid & Albicore

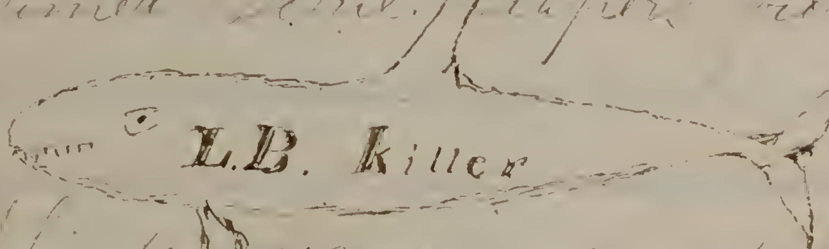
113th day Sat: June 26th

This day commences with a light breeze from the S.S.W steering N.N.E under all sail at sundown ~~[blot] main top gallant sail~~ & double reefed the fore top sail. steering to the N&E. Latter part fresh breeze from the N. with rain squalls got the reefs out the fore top sail steering to the N&E. saw Blackfish Finn Backs porpoises &c.

114th Sun June 27th 1869

This day commences with a fresh breeze from the S. steering to S&W. under all sail but the main sail & fore top sail saw 2 sails & a piece of a hatch the Capt. viewed that the Cook was cooking meat twice a day the Capt. inquired to know why he did so. the Cook did not give a satisfactory answer since for the Capt. went into the Forecastle

[illegible] the Bottom Ground [illegible]
and there found about 20 lbs of bread that
was completely spoilt or rotted at [illegible]
took in the light sails & double reefed the top
sails steering West. after taking in sail all
hands was called aft & was asked if they had
any reason for wasting the said meat. they
did not seem to have any reason for the same
the Captn then told them that if he heard
or saw any more grub wasted in this
manner that he would put them on
allowance. Mid part the same. Latter
part nearly calm at 10 o clock the mate
went aboard of a merchant ship by the
name of Cicero 10 days from New York bound
to Liverpool with a cargo of grain & flour
obtained some papers from this vessel



15th day — Mon June 21st [illegible]
This day commences with a light breeze from
the N.E steering to the southward under all
sail at 6 o clock raised a school of Killers
lowered 3 Boats and gave chase. at 6½ o clock
the waist Boat struck a grampus that the Killers
was at work on and whilst killing the grampus
a large killer kept around the waist Boat
therefore the mate pulled on to him & lanced
him and towed him to the bark after the 2nd
mate killed his fish he took him to the [illegible]
head & commenced pulling for the ship. had
not been pulling long before he discovered a
killer at stern of the Boat. The killer
seized the grampus in his jaws and the 2nd
mate had to cut his line in order to prevent the
Boat being carried down did not see them
after [illegible]. This is a very queer fish indeed
I never saw such a creature [illegible]
had a very hard [illegible] him [illegible]

[Margin note: [illegible] the killer's going into his flurry [illegible] the ship is fast [illegible] did not fasten to him]

[illegible] at [illegible] [illegible]
[illegible] fresh breeze from the S & E. steering by the wind on the Port tack took in the light sails at 9 o-clock set them again shortly after. Latter part fresh breeze from the S.W. steering by the wind on the Starboard tack. (tacked at 9 o-clock last night) stripped the killer & throwed the carcass over board. cleaned [illegible] [illegible] & [illegible] the Boat. took in [illegible]

[illegible]

Thurs. June 29th 18[illegible]

First part strong breeze from the S.S. E. steering by the wind, on the same tack. at 12½ o-clock took in the gaff top sail & flying jib. at 3 o-clock double reefed the top sails. employed in mincing the blubber. finished & washed off the decks. had a rain squall. saw 1 sail. at sundown furled main sail & jib. blowing strong from the S.S.W. [illegible] it [illegible] blowing a light gale from the S.S.W. took in fore top sail. Latter part blowing a light gale from the S.S.W. set the fore top sail. [illegible] saw 2 sail. broke out water & [illegible] the cask with salt water in [illegible] Cask.

[illegible]

Wednes June 30th

First part moderating. set the reefs out steering S.W. saw 1 sail. and a school of [illegible] at sundown double reefed the top sails. wind light with a heavy swell. [illegible] [illegible] nearly calm Latter part fresh breeze from the W.S.W. steering by the wind under all sail but main sail & fore top [illegible] sail [illegible] [illegible] employed in boiling the [illegible] blubber finished [illegible] [illegible] [illegible] up [illegible] [illegible]

3½
2
5½ oil

Thursday July 1st

This day commences with a strong breeze from the W. N. steering by the wind under the same sail. Saw a fin back. Bailed the oil from the cooler into barrels at 6 o clock Cook in the light sails. At Sundown double reefed & furled the main sail. Blowing strong with a heavy swell from the S. W. Mid part the same. Latter part steady breeze from the W. steering by the wind under all sail on the Starboard tack raining. Saw 1 sail

29.Ch-

Friday July 2nd 1869

First part the same. Weather thick & hazy. Passed a Whaling Bk on the opposite tack with no main sail out. the Captain hauled up the main sail giving him an invitation for gamming but the said vessel did not seem to care about gamming therefore tended the tack. Standing along the same. At 3 o clock tacked ship the whaler heading the same as we are at present. Our tack mended my Boot [illegible] at Sundown took in the light sails & double reefed. Mid part steering by the wind under double reefed top sails course jib & spanker [illegible] kept it [illegible] tack. passed the unknown Whaler on the [illegible] tack Latter part blowing strong from the N. [illegible] steering by the wind on the starboard tack. the unknown Whaler on the lee beam. Saw porpoises

1836.27

Remarks on Board

Sat. July 3rd 1861

This day commences with a strong breeze from the W.S.W and very hazy & cloudy steering by the wind under double reefed topsail carrying jib & spanker. Saw dolphins. at 6 o clock took in the mainsail & jib & spanker at 6 1/2 o clock had a heavy rain squall. Middle part saw blackfish the same. Latter part calm a sail in sight (the same whaler) broke out & bent a new main spencer. rainy & cloudy. made all sail, lowered the on the capts boat for blackfish

121.25 Sun. July 4th 1861

This day commenced with a light breeze from the W. steering by the wind on the Port tack at 4 o clock tacked ship heading S.S.W by the wind under all sail but top-g sails & flying jib & gaff-topsail saw porpoises. the same vessel in sight off the lee quarter. at sundown furled sails & double reefed top sails & fore sail. Middle part light breeze from the W. steering by the wind on the starboard tack. Latter part light breeze from the W. steering to the N & E. a sail in sight to the leeward. at 5 1/2 o clock discovered the vessel had her Boats down immediately steered for her. when within about 4 miles of the vessel her Boats went aboard at 11 o clock spoke her & found her to be the Bk Edward Everett Capt. Luce of New Bedford 23 months out with 500 bbls sperm. She lowered for blackfish this morning. at sundown made all sail saw another sail

Bk. Ohio 1869

222nd day

Mon. July 5th 1869

This day commences with a fresh breeze from the N.W. gamming the Ed Everett steering by the wind under all sail on the Port tack. Picked up a junk of Palm oil. at Sundown Parted from this vessel. Shortened sail &c. double reefed top sails & furled jib & spanker. Steering the same. got about a bushel of potatoes from the Bark. Mid part strong breeze from the W.S.W. steering by the wind on the Starboard tack. Tacked ship at 8. o clock. Latter part blowing strong from the W.N.W. steering by the wind. Set jib & spanker. Sent down & repaired main top sail bent it again. broke out canvass to repair the sail.

223rd

Tuesday July 6th 1869

This day commences with a strong breeze from the S.W. steering by the wind tacked around on the Port tack (& took in the jib & spanker) heading South. tryed out the piece of blubber at 6½ o clock. took in the fore top sail & put the ice boat on the upper cranes. blowing a fresh gale from the Westward. took in the Waist boat & lashed it on the Rail. Mid part the same. Latter part blowing a gale from the W. laying too on the Starboard tack under double reefed main top sail close reefed fore & fore sail. set the fore top sail at 11. o clock. nothing in sight. took the sail & oars out of the Waist boat & hoisted her up to davit head & lashed her

1848 On Board Bk. [illegible] [illegible]

124th Wednesday July 7th 46
This day commences with a gale from the West laying to on the Starboard tack under the same sail nothing in sight. Mid part moderated to a strong breeze Latter part strong breeze from the W S W steering by the wind on the Starboard tack. Got a reef out of the fore top sail & set jib & main sail employed in breaking out for Water Flour & Rice

125th Thursday July 8th
This day commences with a strong breeze from the W S W steering the same. nothing in sight. at sundown furled the main sail. Mid part squally with rain Latter part fresh breeze from the S & W. steering by the wind Got the reefs out at 11 o clock & set the main sail jibs & spanker. saw Black fish

126th Friday July 9th
This day commences with a moderate breeze from the S & W. heading S by W at sundown double reefed took in the light sails & furled the main sail. tore up the old main spencer Mid part the same. Latter part strong breeze from the W S W steering by the wind on the Starboard tack under top sails course jib & spanker nothing in sight made a new arm for the Waist Boat's after crane. I wish that we could get some oil before we go in. for I think the prospects are looking rather slim at present suppose we shall go in by the middle of next month

Saw a school of Blackfish lowered the Starboard Waist & Bow Boats and gave chase the Captn shot several times but did not hurt them much

Continued Remarks Cruising

Thursday July 22nd

This day commences with a light
breeze from the S&W. Steering to the
N. & E. Saw an old tub. also saw a white
grampus. at 7½ o'clock bent the fore
broke out a cask of Bread — top sail. Started the works boiling on
the Blackfish. finished at 5½ o'clock.
at 6 o'clock raised a large school of
small Sperm Whales. shortly after lowered
all the Boats and gave chase. at 6½
Lat 34.50 — o'clock the Bow Boat struck a small
one. the rest of the school going quick
Long 37.00 — to the leeward the Waist Boat darted
to one also but owing to a long dart
did not succeed in fastening at sundown
the whale turned up. took him along
side at 8 o'clock. the Captn & 2nd mate had
a few words concerning the whaling affairs
but they closed without a great ceremony

Mid part steering by the under double
reefed top sails & foresail & jib on the
Starboard tack. employed in breaking out
water & getting things in readiness for cutting
Sent up the tackles bailed the Blackfish oil
out of the cooler. Latter part rainy with
a light breeze sent up the tackles & commen-
ced cutting had him in on deck at 6½ o-
clock. Sent down the tackles at 12 o'clock
had the decks all clear & blubber cut up
Oh. dear. every thing is head over heels and
as disagreeable as can be. as for my part
I am tired as I wish to be. Set the reefs out
of the main top sail & Set the light sails
Later Set the reefs out of the fore top sail

On Shore Water

Friday July 23rd 1869

This day commence with a light breeze from the N & N. steering to the E & N under all sail saw porpoises employed in mincing. rigged the mincing machine at 4 o clock washed off decks at sunrise shortened sail to double reefed top sails & fore sail & jibe steering the same. the Starboard watch went aloft and double reefed the main top sail & after reefing Price (the Boat Steerer) who had passed the lee earing was coming down when the 2nd Mate spoke to him telling him that his dogs ear was under the yard & Price told him that there was not one beside himself on that yard arm & he could not haul it up any better & the 2nd mate then says you are a damn poor fool. & Price says. Well I am. he had then got down on deck when the Capt grabed him by the throat & ordered the mate to put him in the rigging & he him up short which was done. & then the Capt was talking to him about his knowledge when Price says. I did not come aboard of this ship to know any thing. the Capt sprang for the main top sail reef tackle & flogged him severely. he was seized in the rigging at 7½ o clock & was released at 9¼ o clock

Mid part of this day nearly calm Latter part light breeze from the N. E. & N. made all sail steering by the wind on the Port tack started the work looking on the head had several pain[illegible]

141st Sat July 24th

This day commences with a light
breeze from the N.N.E. steering by the
wind on the Port tack finished boiling at
1/2 o clock & put on the Stew turned
oh 9 bbls & 20 gallons. put the oil in casks
& coopered it at 4 o clock cleared up
and washed off decks. saw 1 sail. at
sunset double reefed & took in the main
top gallant sail. tacked ship at 5 o
clock. at sundown double reefed the top sails
Mid part the same. Latter part fresh
breeze from the E.N.E steering by the wind
on the Starboard tack. broke out a cask of
hoops also broke out Water. at 10 o clock
got the reefs out & set the main sail
saw 1 sail

142nd Sun. July 25th

This day commences with a fresh
breeze from the N.&.E. steering by the wind
Raised on the Starboard tack. at 2¼ o clock raised
by J. C. Coon a school of Sperm Whales off the lee
Boat steerer Bow. run for them and lowered all 4
Boats at 3 o clock. the Bow Boat came

verry near striking a 30 bbls Whale but owing
to hard luck did not succeed the whales
then started to the leeward with eyes out
chased them until sundown & then
Long 36.28 returned to the ship with poor success
Lat 35.25 as usual. 2 Whalemen in sight one
Bark & 1 Brig after coming aboard
took in the light sails & double reefed also
furled the main sail. steering by the wind
on the Starboard tack
So goes the life of a Whaleman I wish
that I was out to old Dartmouth

Continued from Opposite Page 1869
First part the same & latter part light breeze from the N & W. steering by the wind tacked ship 3 times. saw a school of cow-fish. 2 Whalers in sight. made all sail this morning. had several rain squalls

Lon 36.29
43d. Mon. June 26th

This day commences with a moderate breeze from the N & W. steering by the wind under all sail but fore-top-gallant sail. 2 Whalemen in sight one of them is a Bark on the same tack. at 4. o-clock the said Bark tacked standing towards us. at 5. o-clock spoke her and found her to be the Bk Orray Taft Captn Howland 2 months out clean. gammoned until 9. o-clock at sundown took in the light sails & double reefed also furled mainsail heading by the wind. after coming aboard Brown a foremast hand came aft saying that he smelt tar. therefore the 3d mate ordered the fore hatch taken off to see if the tar cask had sprung a leak or any thing of the kind. and the spile was found to be out and the tar a running out fast. there was also a lot of oakum ~~was~~ found near the cask saturated with oil & tar. therefore there was strong suspicions that some one had undertook to set the ship on fire. there was also a bottle of oil found near the cask. there was a board between the fore castle and fore hold found to be stove off. The Captn told them that they might go ahead & set the ship on fire but not one of them should have a chance to get clear of her except the after gang

Went past the [illegible] Saw a vessel
[illegible] supposed to be a Frenchman. the Bk
"Orray Taft" in sight all night. Latter part
light breeze from the N & E. Steering
under all sail. 4 sails in sight the Bk
Orray Taft in sight. after making all
sail. the Captn ordered all hands to be
mustered in the waist and began to question
the crew concerning the tar scrape. he asked
if any of them knew of any one that they
thought was guilty of this act. and Smith
a fore mast hand said that he saw
Chas. A White a wiping tar off his
pants therefore he was supposed to be
one of the party he was ordered aft
the Captn asked if there was any one
else that knew any thing more concerning
the affair & Joking Lopez said that
he saw White take the said bottle from
Macombers bunk. & Peter Minch a dutch
man (fore mast hand) said that he saw
the same bottle in the same place about
2 weeks ago therefore Minch was supposed
to be one of the party concerned. they
were both put in irons by the mate
White denies all that he ~~is~~ accused of
in Whites berth there was found a bundle
of clothing tied up all ready to make
his escape ^had ~~should~~ the ship been set on
fire. after questioning Minch he was
found to be not guilty. therefore he was
released & sent on duty. the Captn is satisfied
that White is the one that made these
preperations for burning the Bk Globe
at Sea Sunday July 25th in the Lat of
33.28 Longitude 36.29 [illegible] things
are all brought aft [illegible] day saw 7 sails

Tuesday July 27th 1869

This day commence with a light breeze from the N & E. steering by the wind on the Starboard tack under all sail 6 Sails in Sight. at Sundown took in the light sails & double reefed the Top = sails. after taking in sail all hands was called in the waist & each one told all they knew about the affair and all hands are perfectly sattesfied that White is the villain cocerned in the Said affair. he is placed in the main hold chained to the forward stanchion. he is in an awful condition as any one should suppose. Mid part light breeze from the N & E. heading by the wind Latter part light breeze from the E. steering by the wind on the Starboard tack 2 Sails in Sight. put a Seizing on the main Stay. to day the Captn by perusing Whites log Book he found several false remarks concerning the voyage. one of them is as follows whales had been in sight most evry day and the Captn drunk and would not lower for them also the Officer was a fraid to attack them and several other messes which is false without doubt as for my self I have not the least doubt but what he is a contemptable villain & deserves a severe punishment

Took the cutting falls out of fore hold in oder to dry. White is in Irons on the quarter deck. the Captn has been a questioning him about wrighting such false messes. he has no excuses for the same

Continued from March Evening

Wednesday July 28th

This day commences with a light breeze from the N & E. Steering to the S & W. under all sail. Bark in sight to the windward supposed to be the Bk Array Last. at Sundown took in the light sails & double reefed the topsails Mid. part. light breeze from the N & E steered South until 12 o-clock & then luffed to the wind on the Port tack Latter part light breeze from the N. & Steering to the Southward under all sail & Sail in sight. Spoke the Bk Mr Wollaston (Frenchman) from Buenos Ayrs. exchanged Longitudes with her. the Bk Array Last in sight to the windward, this morning Charles Musgraves came aft and stated to the Capt. before the Ships company. that he was one of the party concerned in the fire scrape. he said that he had been undertaking the same job for a Lost 15 days & said that White had been leaning him for some time to assist him in the act. and finaly consented to do so he said that he helped him pick the oakum for the time. & also helped him to take the hatch off in order to enter the fore hold. Therefore he has turned State Evidence he also said that he had heard White threaten to enter the Cabin some night when the Capt was asleep and take his life Charles Musgraves also says he under took to pry a board off of the Sail pen in order to set the ship on fire in this way but failed to do so. the Boat was away from the ship at the time

Prizen Ground

This morning his chest was thoroughly searched as we have heard of his carrying a dung-shot. Stowed down the 2. casks of oil in the main lower hold stowed down about 8 bbls broke out two. While boys to bring some of the rest of the crew into the scrape. but cannot come it. I think he deserves a severe chastising which he most likely will get.

Thursday July 29th

This day commences with a light breeze from the N & E steering to the S. & W. under all sail. Bk O. Galt in sight to the windward saw several sails all Merchantmen at 2 sundown shortened sail as usual. at 6 o'clock spoke and gammoned the Orray Galt. Mid part the same. at 11 o'clock parted from the said vessel. Latter part fine breze from the N & E. steering by the compass the Port tack under all sail. Orray Galt & 3 Merchantmen in sight saw Porpoises Ingnalized a Norwegian Brig.

Friday July 30th

This day commences with light breeze from the N & E. steering to the N & W. under all sail. Orray Galt in sight and 2 other sails. at sundown took in the light sails & double reefed & hauled up the main sail. & luffed to the wind on the Starboard tack While days that know one knows how much he suffers. he is in a pitiable condition. Mid part the same. Latter part light breze from the E. & E steering to the N & W. under all sail on the Port tack at 8 o'clock saw 3 sails Orray Galt in sight

8 3/4 A.M.

July 4th /71

This day commences with a calm
lowered all 4 Boats. shortly after raised
2 whales the Starboard & Waist Boat
gave chase but did not succeed in
striking. at 12 o-clock Bow Boat
raised 2 large Sperm Whales and struck
one of them. and turned him up
off shore about 6. miles distant. the
Mate ~~Boat~~ Shot a bomb lance into
the loose whale which crippled him
after the whale turned ~~up~~ again he
immediately sunk in 30 fathoms
of Water. the Mate layed by the whale
and I went aboard the ship after
getting supper & started for the whale
off shore to relieve the Mate. but
he did not want to come aboard
as he was [redacted]
self. of something of the kind
therefore I came aboard again. Got
aboard at 8. o-clock. wishing Brad
Coggeshall a happy night & repose
will now retire

8 3/4 2nd A.M.

July 5th /71

This day commenced the same started
the Works boiling on the small whale
sent the Bow Boat off shore to the
Sperm Whale to relieve the Starboard
Boat crew

Broke out Sugar

8 3/4 3d A.M.

July 6th /71

~~Broke~~ ~~out Sugar~~ boiled the last whale
[illegible] up 13 bbls

This day commences the same. during
the night I was off shore by the dead
Whale. at 8 1/2. o-clock hauled the whale
up and commenced towing for the Ship
at 3 1/2. o clock got ship along side. at 8 1/2 o-clock
